20 Boeing's proposed hypersonic demonstrator incorporates twin fins for stability and a cranked delta wing for better low-speed performance.

FEATURES

20 Boeing's Hypersonic Hope X-43, X-51 and XB-70 design legacy gives Boeing a boost in future hypersonic strike/recon race

40 Singapore Airshow Southeast Asia militaries face procurement hurdles, naval UAVs make progress, commercial widebody market slows, and the MRJ program advances

54 Reality Check for Urban eVTOL Safety Vertical-lift OEMs warn that new safety benchmarks are needed

64 The World According to John Leahy The longtime Airbus sales chief reflects on his career and how the industry has changed

DEFENSE

- 22 | For A-10 pilots, oxygen deprivation is a recurring problem
- 24 | UK is spending £500 million to develop F-35 main operating base
- 27 | The future of Anglo-French UCAV demonstrator is hazy
- 35 | The Pentagon wants its nuclear Tomahawks back
- 36 | Afghan Air Force prepares for fast growth and self-sufficiency
- 38 | UK Royal Air Force faces long-term fight against ISIS over Iraq, Syria

SAFETY

- 28 | 'In-time' system could be future aviation safety standard

ROTORCRAFT

- 31 | Airbus adjusts its heavy helicopter vision

SPACE

- 32 | Rocket Lab's smallsat launcher enters commercial service
- 33 | Europe's reusable Space Rider to launch in 2021

TECHNOLOGY

- 34 | Peregrine falcons inspire counterdrone thinking

SINGAPORE AIRSHOW

- 42 | Indonesian participation in KF-X is in doubt
- 43 | A400Ms define Malaysia's military aircraft procurement
- 43 | Better economy, U.S. relations drive Thai defense buys
- 44 | Internal challenges threaten Philippines modernization plan
- 45 | EU to demo naval UAVs and other unmanned technology

- 46 | U.S. Navy matures Fire Scout despite limited deployments
- 48 | Airbus prepares to fly VSR700 two-seat training helo prototype
- 50 | Airline order cycle continues to challenge long-haul jet market

- 52 | MRJ program nears completion of redesign phase

URBAN AIR TRANSPORT

- 56 | Singapore to test drone delivery in a smart city

UNMANNED AIRCRAFT

- 58 | Demo makes autonomous resupply look deceptively easy

COMMERCIAL AVIATION

- 60 | Boeing and Airbus orders and deliveries show strong demand
- 62 | Airbus A380 crisis is not over yet
- 69 | ATR prioritizes pilot training over product upgrades
- 70 | AirAsia fleet growth spurs investment changes for franchises
- 71 | Researchers combine actuators, smart materials to morph wing

VIEWPOINT

- 74 | New U.S. nuclear weapons policy would increase nuclear conflict risk

ON THE COVER

To counter China's moves in the South China Sea, militaries in Southeast Asia are striving to reequip. Kuala Lumpur correspondent Marhalim Abas' coverage begins on page 40. Australia Defense Department photo of a Republic of Singapore Air Force F-15 by Cpl. Casey Gaul.
