Kholodilnaya Tekhnika

IN ISSUE:

AT THE INTERNATIONAL INSTITUTE OF REFRIGERATION

Advancements in supermarket refrigeration

37th Informatory Note on Refrigeration Technologies

(March 2018)

6

REFRIGERATING MACHINES AND APPARATUSES

FUSHENG

Spasskiy A.A., Sushentseva A.V. Fusheng explosion-proof refrigeration

screw compressors

12

FARMINA

Shishov V.V. Safety when working with propane

27

REFRIGERATING EQUIPMENT / ECONOMICS

Skryabin O.O. Methodical bases of depreciation for refrigerating

equipment of an industrial enterprise

29

AIR CONDITIONING AND VENTILATION SYSTEMS

Energy efficiency of cooling systems of data-centers

32

Zdobnov M.I., Lavrov N.A. Analysis of loss in ventilation plants using an

entropic and statistical method

36

FORMATION OF SPECIALISTS

Malafeev I.I., Ermolaev A.E., Porutchikov A.F., Ilyin G.A. Experience

of adoption of a project-oriented approach to education of students

intended for refrigeration industry in Moscow polytechnic university

42

PROCESSES AND APPARATUSES OF FOOD FACTORIES

Shishkina N.S., Karastoyanova O.V., Levshenko M.T.,

Stepanishcheva N.M., Shatalova N.I., Korovkina N.V.

The use of UV radiation to improve the technology of tomatoes

prerealization storage

50

PATENTS AND INNOVATIONS

Rukavishnikov A.M. New patents of Russia on refrigerating engineering

and heat pumps

54

MEMORABLE DATES

Commemorating the 100th anniversary of Kaukhcheshvili Ernest Ivanovich

56
