FEATURES

- 16 | **Coming to Life**
 The first Boeing 777X moves to final assembly after a trouble-free run through the LRIP line
- 40 | **Training Play**
With the T-X contract win, Boeing plans to train generations of Air Force pilots to fly next-gen aircraft
- 42 | **Photo Contest Winners**
From among more than 700 entries, our judges chose these winning images and honorable mentions

BUSINESS

- 30 | United Technologies adds Rockwell, will spin off Carrier and Otis

DEFENSE

- 32 | Lockheed tie-up reopens U.S. market chance for Airbus tanker

- 33 | Swelling tactical missile demand reverses production decline
34 | Canadian fighter shortfalls highlight pilot retention challenges
36 | Japan reveals an AESA radar for its Future-Fighter
37 | Japanese Eagles head for upgrade, and more F-35s are in prospect

SPACE

- 38 | NASA's InSight spacecraft nails its landing on Mars

- 39 | Cubesats relay live entry, descent and landing telemetry from Mars

VIEWPOINT

- 74 | Small and medium-size suppliers need access to innovative tech tools

ON THE COVER

Kurt Gearhart of Chandler, Arizona, used a GoPro camera to take this image, chosen as an Editor's Pick in this year's Photo Contest (see page 69). Our judges reviewed hundreds of photographs before selecting the contest winners, which are featured beginning on page 42. This year's Photo Contest section is dedicated to long-time judge Roberta "Bobbi" Baker Burrows, who passed away in January (see page 70).
